RESEARCH EXPERIENCES

2018

Guangdong University of Foreign Studies, Guangzhou, China

Yogyakarta State University, Yogyakarta, Indonesia

Satya Wacana Christian University, Salatiga, Indonesia

(with Veronica Christamia Juniarmi and Christa A. Y. Tehusalawany)

Not Just A Hollow Shell: Evaluating the Compatibility between Indonesian Language Teachers' Competence, Their Needs, and In-Service Training's Effectiveness

Carried out mixed studies to examine the effectiveness of Indonesian language teacher training programs, which aims to enhance teachers competence and to help them to reach the national teacher standards

- Conducted a desk study to examine the methods and instruments of various teacher training programs
- Carried out quantitative survey to participants of different programs

2009

Satya Wacana Christian University, Salatiga, Indonesia

(with Frances Sinanu and Christian Rudianto)

The Effectiveness of Digital Storytelling in A Writing Class

Developed and conducted an experimental design to quantitatively and qualitatively evaluate the effectiveness of using digital storytelling in improving students' writing skill

- Introduced digital storytelling to students
- Assisted students with transferring their writing to digital storytelling
- Evaluated and interpreted data to see differences in students who got the treatment and who did not

2009

Satya Wacana Christian University, Salatiga, Indonesia

(with Frances Sinanu, Christian Rudianto, Petrus Ari Santoso, & Toar Sumakul)

Developing a collaborative project to create an Indonesian repository using Drupal

Developed and Indonesian repository using Drupal in collaboration between Columbia University and Satya Wacana Christian University and evaluated the impact of the repository

- Designed the repository as a place for teachers to share their lesson plans and materials to give feedback to each other
- Developed materials for the repository as examples for other teachers and to develop material bank
- Monitored the user logs of the repository to see users' participation
