EXPERIENCE

Capitol Hill Internship, Office of Congresswoman Carol Miller

March 2022

Cannon Office Building | Washington, DC

- Wrote bill summaries that were read by Congress members to determine their vote for the introduced bills.
- Main contact between constituents, who called the office. This required gathering personal information, talking through constituent concerns, and logging information into the database.
- Delivered important documents. This required quickly becoming accustomed to the intricate passageways and security checkpoints on the premises.
- Maintained notes through several interviews and meetings of high importance.
- Researched Federal databases to compile information to write essays on bills introduced to Congress.

Student Council/Body President

August 2021-May 2022

St. Joseph High | Huntington, WV

- Key Achievements: Raising over \$1,300 through our Outdoor Movie Event; St. Sebastian Award from the Diocese for Leadership in Academics and Athletics; Spirit of St. Joseph Award for enthusiasm towards improving the school community.

Yale Young Global Scholar

June 2021-July 2021

Zoom | New Haven, CT

- Attended workshops and seminars regarding *Innovations in Science & Technology*.
- Daily discussions with peers from numerous countries.
- Completion of a Program-long project. In my case, I was paired with students from China and Sweden, and we were tasked with meeting daily to design a project that was presented at the end of the program.

Xavier Distinguished Scholar

June 2021

Xavier University | Cincinnati, OH
