ADMINISTRATIVE APPOINTMENTS

Coordinator, Writing across the Curriculum (WAC), Villa Maria College

As coordinator, my charge was to create the first writing across the curriculum program at Villa Maria College. My focus in the program is on creating a culture of writing in which students, faculty, administrators and staff all share a commitment to developing written communication skills, including professional writing. As a part of this mission, I revised our first-year composition sequence and writing intensive course guidelines, and am currently developing writing intensive course pedagogy, offering workshops and resources for instructors and faculty working in writing in the disciplines, and facilitating faculty-only writing groups.

As a part of my work as coordinator for WAC, I revised and updated the curriculum to align with the Writing Program Administrators' outcomes for first-year composition and the CCCC Principles for the Postsecondary Teaching of Writing. In coordination with the Director of Student Success and Academic Coaches, I helped to implement the curriculum and training for Assisted Learning Lab (ALL) instructors and embedded tutors. Currently, I supervise a teaching staff that includes instructors, contract faculty, and full-time faculty. Supervision includes training new contract faculty on the composition curriculum, conducting classroom visits, and offering pedagogical support to all faculty in the program.

ACADEMIC APPOINTMENTS

Assistant Professor, English

In addition to supporting the program with course offerings in literature and creative writing, I worked with colleagues to revise the Creative Writing and Literature curriculum. When I started as full-time faculty, the program was newly established, and had only a few full-time students enrolled; two years later, the program had seventeen full time students enrolled. My most recent focus has been adding courses that fulfill the Core Curriculum's literary expression requirement for lower-division students and mentoring upper-division students as they move toward thesis and moving the program toward a more interdisciplinary focus to increase student enrollment.

EDUCATION

PhD, English, State University of New York at Buffalo

Specializations: composition pedagogy, early American literature, history of the book, and contemporary transnational American literature

Dissertation: “And Sympathy Unites, Whom Fate Divides”: Reading and Social Bonds in Early America,” directed by Robert Daly
