

Old English Students at the University of Georgia, 1993-2021

Although I have been teaching Old English at UGA beginning in Fall 1984, during the period of time from 1993 to 2021 I had the privilege of teaching the following 751 students in my ENGL 4060, ENGL 6060, LING 4060, and LING 6060 classes. These students contributed to *An Introduction to Old English* at various stages of preparation for publication. If you find your name here, you have my personal thanks for the contribution you made to the eventual form of the book.
